Introduction:

“What exactly is notebooking? It is the act of recording and organizing what one is learning in a permanent and attractive way. The process of chronicling information discovered in one’s studies is a hands-on process that I call active learning. The expression “What you perform – you remember” is a truth that parents and teachers have utilized for years. Notebooking is an effective, hands-on method of documenting research.”*

Notebooking is a valuable educational tool. It requires students to think beyond simply reading new information and encourages them to interact with—and respond to—the information they are learning in a personal and age-appropriate manner. Although notebooking can be completed in a simple spiral-bound volume, many parents and students find it encouraging to have some “guided” notebooking pages, with writing prompts and other helpful ideas. This is what you will find in the following pages.

Each lesson in *All American History* has between 1-3 notebooking pages. If you print them out one lesson at a time, make sure you have selected all the necessary pages. The figures of the presidents needed for these pages can be found in either the *Teacher’s Guide* or the *Student Activity Book*.

Leif Eriksson

**He was born in
Iceland.**
